

## PRESS RELEASE

**For Immediate Distribution**

### **Success in China for the Sursaut Dance Company!**

SHERBROOKE, August 20, 2014 – After touring for six weeks throughout Northern China, Sursaut’s dancers are back in the country. The production *At nightfall* was presented 16 times in 12 Chinese cities, including Shanghai and Beijing. The short choreography *Charlotte’s Success* was also presented as an opening act in some cities.

Adam Dymburt, the company’s General Director, said he was very satisfied with this tour. “With China, we had a strong start to our 2014-2015 touring season! We worked very hard to make this tour happen and all our preparations were worth it. Of course there were some surprises, but as this was our second Chinese tour we were able to adapt with more ease.”

And the audiences’ reaction? Stéphanie Brochard, Assistant Artistic Director and dancer, marvels: “Thanks to the universal language of dance, we can present our creations in different cultures and yet the magic continues to unfold. Chinese spectators were charmed by the production’s gestural universe.”

After being presented for nine years in Canada and abroad, *At nightfall* has achieved artistic maturity. It will be presented for the last time in Sherbrooke on December 2<sup>nd</sup>.
